EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

Notice of Non-Compliant Amendment

The Notice of Non-Compliant Amendment has been withdrawn in light of the claims filed on 7/22/2010.

Claims 1-8 and 10-21 (to be re-numbered as 1-20) are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding **claim 1**, the claim recites a method for converting an input image having a source format to an output image having a desired stereoscopic format, wherein the input image and the output image are each defined by a plurality of pixels, comprising the features of "identifying, using a support table matrix, display methods that are compatible with the source format of the input image" and "allowing a desired display method to be chosen from identified compatible display methods, the desired display method corresponding to the desired stereoscopic format."

While Swift et al (US 2002/0122585 A1) and Mical et al. (US 5481275), previously used to reject the claims disclose the other claimed limitations, the combination fails to provide for the prior quoted limitations. The Examiner has not found any other prior art to anticipate or render obvious the quoted claim limitations when read in light of the other claimed limitation. Accordingly, claim 1 is found to be allowable. Claims 2-12 and 15 depend upon claim 1 and are thus similarly found to be allowable. Claims 13 and 16, containing essentially all of the limitations as claim 1, are also found to be allowable,

and likewise, dependent claims 14 and claims 17-21, containing all of the features of claims 13 and 16, respectively, are also found to be allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
